About Generation Hemp, Inc.

Generation Hemp, Inc. is a Dallas/Fort Worth based energy transition company that primarily operates in the hemp midstream sector with fee-based midstream hemp services. The Company continues to acquire proven hemp companies to build out its environmentally sustainable seed to sale model and into related verticals that offer significant shareholder value, including energy efficient Bitcoin cryptocurrency mining operations. With operations in Hopkinsville, Kentucky and Denver, Colorado, the company uses its proprietary technology to dry, clean, process and store

hemp. In addition, Generation Hemp also owns and leases real estate to companies that need seed storage facilities located within the greater Denver area. www.genhempinc.com

Forward Looking Statements

This press release may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. The use of words such as “believes”, “expects”, “anticipates”, “intends”, “plans”, “estimates,” “projects”, “forecasts”, “proposes”, “should”, “likely” or similar expressions, indicates a forward-looking statement. These statements and all the projections in this press release are subject to risks and uncertainties and are based on the beliefs and assumptions of management, and information currently available to management. The actual results could differ materially from a conclusion, forecast or projection in the forward-looking information. The identification in this press release of factors that may affect the company’s future performance and the accuracy of forward-looking statements is meant to be illustrative and by no means exhaustive.
